PALDA SEEKING STAY ON WRIT OF HABEAS CORPUS

Attorney Committed to District
Court Contends Evidence
Insufficient

Minot, N. D., May 29.—Attorney Dudley Nash, acting on behalf of Attorney L. J. Palda, committed to district court by Judge Dill on a charge of threatening to shoot A. Up ton in the Minot telephone office the night of the raid, applied to Judge Leighton on Monday afternoon for a writ of habeas corpus on the grounds that the evidence submitted at the preliminary hearing was insufficient to warrant commitment to the higher court.

The district court granted the application of Nash and set June 4 as the date for hearing, when counsel for the defense and the state will re-argue the merits of the case before Judge Leighton.

Baby's Face Disfigured With Eczema Scales. Itched and She Would Scratch. Spread Over Side of Face. Cuticura Healed in Four Weeks.

Above are extracts from a signed statement recently received from Mrs. C. E. Outland, 351 Leggett Avenue, Barnesville, Ohio.

If Cuticura did no more than soothe and heal eczemas, rashes, itches and burnings, bringing speedy comfort to tortured, disfigured men, women and children it would be entitled to the highest praise. But it does more. By using the Soap exclusively for toilet purposes, allowing no other soap to touch your skin, with touches of Cuticura Ointment now and then to soothe and heal the first sign of skin troubles, you will in many cases prevent these distressing experiences. It is always a pleasure, not an effort, to use them, they are so pure and delicate.

For Trial Free by Return Mail address postcard "Cuticura, Dept. R, Boston." Send throughout the world.

Flickertail Joins Buffalo in Hunting Ground Beyond Pale

Harvey, N. D., May 29.—The lowly flickertail, who gave his name to North Dakota and also brought despair to the hearts of early settlers, is on his way to join the buffalo. The county commission this year on its annual gopher day had only 23,000 tails to count, far less than in other years, and Commissioner John Strauss believes the varmints are being killed faster than they can be born.

A BAD BACK MADE GOOD

(By L. W. Bower, M. D.)
Backache of any kind is often caused by kidney disorder, which means that the kidneys are not working properly. Poisonous matter and uric acid accumulate within the body in great abundance, overworking the sick kidneys, hence the congestion of blood causes backache in the same manner as a similar congestion in the head causes headache. You become nervous, dependent, sick, feverish, irritable, have spots appearing before the eyes, bags under the lids, and lack of ambition to do things.

The latest and most effective means of overcoming this trouble is to eat sparingly of meat, drink plenty of water between meals and take a single Anuric tablet before each meal for awhile.

Simply ask your favorite druggist for Anuric (double strength) if you aren't feeling up to the standard. If you have lumbago, rheumatism, dropsy, begin immediately this treatment with Anuric. Most scientists and medical men believe that because of an over-abundance of uric acid in the system, uric salts are deposited in the tissues and cause rheumatism and gout.

The physicians and specialists at Dr. Pierce's Institution in Buffalo, N. Y., have thoroughly tested Anuric and have been, with one accord, successful in eradicating and throwing off from the system the uric acid which accumulates and poisons. Patients having once used Anuric at this institution have repeatedly sent back for more.

Such a demand has been created that Doctor Pierce decided to put Anuric in the drug stores of this country, in a ready-to-use form. It will be their own fault if those suffering from uric acid troubles do not take advantage of this wonderful remedy.

The Boils Of Lazarus

Were eased by the dogs who licked the infected places, but they were not cured. Many modern people employ the same method in their treatment of boils, pimples, rashes, carbuncles, eczema and other skin diseases. They apply a salve or lotion to the sore places and fondly imagine they have cured them. The important fact which they fail to recognize is, that these skin diseases are diseases of the blood, and that no external treatment can permanently cure them, because they are essentially internal ailments.

their appearance before the senate committee.

An effort will be made to secure an audience with the president for the northwestern farmers.

Those in the party are President J. M. Anderson of the Equity Exchange, Senator Thomas Hendry of Jamestown, Senator Charles E. Drown of Fargo, former Congressman J. E. Kelly of Pierre, S. D., Charles W. Holman and C. A. Lyman of Madison, Wis.; F. A. Bennett of Great Falls, Mont.; and Benjamin Drake of Minneapolis.

Chairman S. J. Aandahl of the state railroad commission is in the city attending the interstate commerce commission hearings and may also appear before the committee.

Government control of grain exchanges to the point of guaranteeing unlimited membership and making membership public, opening elevators to all, and putting the handling of cars in the hands of a commission was proposed today to the house committee by President Anderson of the Equity Cooperative exchange, a wheat producers' organization.

Mr. Anderson and others who testified said the exchanges now were being discriminated against.

HOOVER'S THREAT TO ASQUITH GOT BELGIANS

(Continued from Page One)

"I don't care a darn for your traditions," exclaimed Hoover. "These Belgian women and children are starving."

"Mr. Hoover, I have never been spoken to like this before."

"I am sorry, Mr. Asquith, but I've got to have that flour."

"I am very sorry, but it will be impossible for me to give it to you."

"That is your final answer, Mr. Asquith?"

"Absolutely final. I cannot possibly give any other."

Hoover took out his watch and looked at it thoughtfully. "In just five minutes I shall leave here," he said quietly, "and will go directly to the offices of the press associations and cable the fact that with a shipload of flour available, England is letting the Belgians starve. Fully newspaper story, don't you think, Mr. Asquith?"

Hoover got the flour and also the miration and respect of Asquith, who has been one of his staunchest friends ever since.

BASEBALL SEASON OPENS ON WEST BATTLE FRONT

British Headquarters in France, by way of London: From a staff correspondent of the Associated Press.

The baseball season on the western front is in full swing. Under the very shadow of Vimy ridge, a great game was played yesterday afternoon, before an all-khaki audience on a bit of the battlefield on which the shell holes had been filled in and a rough grandstand erected for the officers and other spectators.

The game was played between teams representing the two Canadian brigades. As a matter of fact, all the teams in the so-called world war league are now composed of representatives of the numerous Canadian bodies, and all the players are anxiously awaiting the arrival of the American forces to arrange for an interleague series. The second brigade beat the third 7 to 1.

All the equipment had been brought from headquarters, including base bags. As a side show it was possible from the grand stand to see an occasional German shell dropping a mile or so away. Aeroplanes were humming overhead, but assuming them to be friendly, no one looked their way except when a fly ball happened to be hit.

"CYCLONE BILL."

The press agent of Attorney General Langer in a Howellian article confesses that during his first year in college "Cyclone Bill" made the record of "being out only five nights in one year."

The degree of restraint can only be appreciated when it is known that "Cyclone Bill" attended Columbia, where the Great White Way constantly allures.

But here is the gem of the eulogy: "The clock was striking the hour of 10:45, when shouts, the pounding of doors, the speeding of automobiles and the fact that crowds began pouring out on the streets, made it evident that something of more than usual interest was in progress that night, May 8, in the city of Minot."

"What's the matter? What's going on?" asked bystanders.

"Bill Langer's coming to town. Bill Langer's here," was the answer, and the "Magic City" fairly shook under the answer. The underworld of that city had long feared the coming to town of "Cyclone Bill."

Why these words? Why try to paint the lily?

In future when hard put for superlatives to describe "Cyclone Bill" we commend this verse to the Non-partisan Daily:

"See what a grace is seated on this brow;
 Hyperion's curls, the front of Jove himself;
 An eye like Mars, to threaten and command;
 A combination and a form, indeed,
 Where every god did seem to set his seal;
 To give the world assurance of a man."

Our nurses and doctors are in London and our engineers have landed their vanguard there, our navy is after the U-boats.

DIRECT ACTION.

Jackson Carlisle found his apartment too cold for comfort.

Whereupon he got hot and, going downstairs, shot his landlord in the shoulder.

This happened in Chicago, but the case will be watched with eager interest by a large and steadily increasing army of flat-dwellers everywhere.

In the between seasons the matter of apartment house heat has become a serious problem. Radiator rappings has proved futile except as a method of relieving the feelings of the rapper.

Remonstrances with janitors are of little avail when that individual's mind has turned from firing to firing.

Shooting the landlord is an extreme application of the direct action theory and, of course, we are properly shocked.

Just the same we hope the peppy Mr. Carlisle will be tried before a judge who is himself a flat-dweller.

Germany's food supply is becoming shorter. Let's hasten the time when they bite the dust.

BUY LIBERTY BONDS.

Picture the immigrant. He has landed at Ellis Island and is wondering whether the bars will be let down for him. He has staked his all upon the move from the Old World to the New. He has left behind him king worship, rank worship, caste worship.

Back there a man remains very largely in the station in life in which he was born. Back there he has to serve in the army, whether it is war time or peace time. Back there little opportunity presented itself to him and less to his children.

Suppose now Uncle Sam said to him: "How much will you give to be admitted to my country?" Don't you know that he would put up almost every cent he had on earth and would be willing to pledge a part of his earnings, no matter what sacrifice it entailed?

Because, once within the gates, he would be in the land of opportunities. Nothing would be barred to him that his energies and his talent could attain.

Here there is no king and no rank and no caste. Every man is what he makes of himself. He may be a workman drawing a good union wage, or a shopkeeper, or a great merchant. He may become mayor of his city, or congressman of his district, or governor of his state. Even the presidency is open to his sons born in this country. And be very sure of it, the immigrant appreciates to the full all these chances in life.

But do you appreciate them, you who were born in this country and who take all these blessings for granted? Do you appreciate them, you who were naturalized so long ago that your perceptions of things have become dulled?

If not, it is time to wake up. All that America is to us, all that it can be to our children and to future generations, is at stake.

German autocracy is still a menace to the world. German militarism is still uncrushed. It is up to all of us either to enlist or invest. Those of us who can't serve in the army should help support the army by work and by money.

CAPITOL NOTES

PLAY DAY.—Michigan, N. D., May 29.—More than 600 school children participated in the annual Nelson county play day here. Three banners and 95 medals were awarded winning contestants.

SCHOOL MONIES.—N. C. Macdonald today announces the apportionment of the state tuition fund of \$392,920.71. Cass county draws the largest share, \$20,653.22. The amount per capita is \$2.03 for 193,657 children enrolled in the public schools.

BOWMAN ON BOARD.—Governor Frazier on Saturday named Rep. E. A. Bowman of Kulm the floor leader for the Nonpartisan league in the last house of representatives, member of the North Dakota national defense council, which meets here Monday.

MASON BACK.—After eleven days in the hospital, N. A. Mason, secretary to Governor Frazier, is again on duty and is feeling fine. Mr. Mason was seized with an acute attack of appendicitis and went to a local hospital to be operated upon.

WEDNESDAY HOLIDAY.—Wednesday, Memorial day, will be religiously observed as a holiday at the capitol, and every department will be closed throughout the day. A majority of the heads of departments have accepted invitations to make Memorial day addresses at various points in the state.

ON NORTH LINE.

The railway commission, as represented by Commissioner Johnson and Bleick, with Secretary Calderhead, left this afternoon for Stanton, where Sanger's telephone troubles and Stanton's request for a new crossing will be considered this evening. Sangerites will join the board at Stanton, and it is possible that affairs affecting the local exchange may be settled en route to Stanton. F. L. Shuman, district manager of the North Dakota Independent Telephone company, goes to Stanton for the hearing, which will affect the company's long distance business. Tomorrow the commission goes to Hazen to look into an elevator site petition.

FOREIGNERS MAKE HASTE TO REGISTER FOR DUTY WITH ADOPTED COUNTRY

35 Workmen Engaged by N. A. Mutchler Show Patriotic Spirit—Big Flax Field

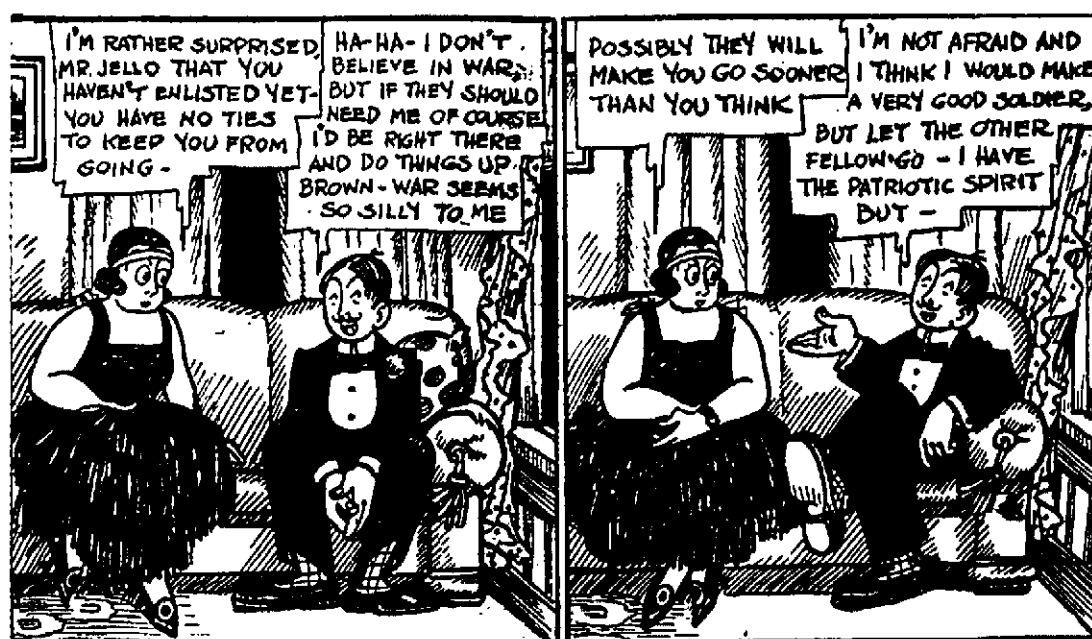

When C. W. Streeter, registrar for Crofte township, began to register the working crew of H. A. Mutchler, it would have done any true American good to see the way the foreigners rushed up to register. It would have taken the recruiting officer no time to have enlisted the whole bunch.

Mr. Mutchler has a force of about 35 men working for him digging rock and preparing the ground. He is putting in about 10,000 acres of flax this year, and up to the present has several hundred acres in.

MESSES FULLER AND HEDKE IN MANDAN SCHOOL CONTEST

Two Women Announce They Seek Places in Interests of Child Conservation

ROVIG AND WARREN NOT READY TO QUIT BATTLE

Mrs. W. W. Fuller and Mrs. R. R. Hedke have been selected as the women candidates to oppose Messrs. John Rovig and H. H. Warren for places on the city board of education. The election is to be held at the city hall on Tuesday, June 5, Registration day. The ladies are being supported by the Child Conservation league, and it is promised one of the most interesting school elections held in Mandan for some time will be held at that time.

Petitions Filed.
 When asked if they intended to remain in the race after the announcement that the ladies were going to run with the support of the league, Messrs. Rovig and Warren said, "Well, I should say we are." Both Rovig and Warren have filed their petitions. As yet Mesdames Fuller and Hedke

Cole Brothers Circus Pleases Animal Acts Win High Favor

The circus is here! The parade of Cole Brothers' world-toured show was given in Bismarck this forenoon and it was witnessed by a good-sized crowd. The afternoon performance was well attended and another big crowd will be present tonight.

When the big procession passed through the crowded streets there were many expressions of approval for the people seemed to have felt repaid for the trip down town. The costumes of the riders were new, from the buglers at the head of the parade to Madam Liberta Zora Miles, the Hindu princess, who drove Myrtle, the big elephant, from her seat in the two-wheeled cart.

Animals Appear Excellent. The animals were all sleek and ap-

every moment it seems that the trainer is taking his life in his hands, trying to subdue the savage beasts.

Miss Muriel Croft, the little French girl, who goes into the steel arena with a group of leopards and panthers, has an act that is really wonderful.

The three riding lions is a new act and very dangerous, for it places the rider behind the animal, a thing that is never done in handling wild animals. "Buck," the lion ballonist, is also a new act. He swings back and forth in a suspended balloon.

There was fun in plenty to relieve the thrills, and the wild animal acts. Twenty clowns, forming the clown band, under the leadership of Clowen Rae Enos, marched on and on to screaming music. The Three Kobars

Miss Irene Eastham, the girl with a voice louder than the band

peared to have passed a comfortable winter in their quarters. Every wagon in line had been treated to a fresh coat of paint, with new decorations of gold and silver leaf.

The animal acts as presented at this afternoon's performance were probably the best ever seen here.

Cheerful Gardner, the elephant trainer, is true to his name, a happy-go-lucky chap, who has trained the troupe of elephants so that they work faster than any other troupe in existence.

Charles Gay, the lion trainer, with his \$50,000 group of black-maned beasts of the jungle, presents a real sensational act. These ferocious beasts, although seemingly trained, still keep the audience on the anxious seat throughout the long act, as

in double trapeze and acrobatic stunts, the Whittles, the human butterfly, and the wizard, Duo, did some exceptionally clever work on the high wire. Ringmaster Rogers and Mrs. Rogers won rounds of applause in the Spanish dance with the aid of two of the most attractive horses ever seen.

From other cities where the Cole Brothers have given their circus performances, good reports are received. Under the big top, clean and wholesome entertainment is offered young and old.

The Cole Bros. shows have not been seen here since 1899, although being the oldest show on the road, they are making their 41st annual tour, being best known in the east and central west.

NOT PREPARING FOR ONE YEAR'S WAR, SAYS EFFICIENCY SECRETARY

Oscar J. Seiler of Jamestown States Board Is Preparing for 1918 Crop

That little more can be done to increase acreage this year, but that much may and shall be done to insure bigger crops next year was the opinion expressed today by Attorney J. Seiler of Jamestown, secretary of the North Dakota efficiency commission. "We are not preparing simply for one year's war," said Mr. Seiler. "We anticipate that the need will be greater a year hence than it is now. The efficiency commission during the next twelve months hopes to work out plans for a great crop in 1918. What we need most is more farmers. I believe the farmers we now have are this year doing all that is humanly possible. We must have more farmers, and the efficiency commission must find a way to bring them into North Dakota."

To Rotate Labor R. J. Leth, field agent under W. J. Spillman, chief of the office of farm management in the United States department of agriculture, who is here for the joint meeting of the efficiency commission and national defense council today, advises that farm labor as it finishes with the harvest in southern states will be rotated to the north in an effort to supply the needs of every state for skilled help as the harvest season advances.

A plan of organization embracing a committee in every county, with members in each township, and considering a full survey of the state's acreage, crop conditions and labor needs, was announced at today's session. John H. Worst of New Rockford, former president of the state agricultural college, heads the efficiency commission. All of the members of the organization are here today except Horace Bagley, detained at home by a speaking engagement.

Wm. S. Hart is here and will be seen at the Orpheum tonight only.

Monday Club to Work as
A Unit With Red Cross

At a meeting of the Monday club Monday afternoon with Mrs. R. S. Towne of Sixth street the club voted to work as a unit with the local Red Cross chapter and will hold all day meetings every other Wednesday. The offer of Mrs. W. H. Bodensat to meet at her home was gladly accepted. Mrs. G. F. Dullam was named chairman of the Red Cross work.

Mrs. A. A. Bruce and Mrs. F. A. Lahr will be hostesses to the club at a luncheon Saturday, June 9, in the home of Mrs. Lahr on Avenue B. The luncheon will be one of the big social events of the club year.

Mrs. Bruce was elected president,

and the other officers named were Mrs. T. R. Atkinson, vice president, Mrs. R. S. Towne, secretary, and Mrs. J. A. Haney, treasurer.

A special feature of the meeting Monday was the address given by Mrs. A. H. Peterson, president of the Mandan Musical club and chairman of the industrial and social conditions committee of the North Dakota Federation of Women's clubs. Mrs. Peterson spoke on "Censorship of Motion Pictures." Her talk was most instructive. Mrs. Peterson has given the silent drama considerable study and is an enthusiastic supporter of the movement to produce better pictures.

WILL SOCIETY WOMAN RETURN TO HUSBAND?

MRS. O. D. MILLS.

Members of millionaire society circles are expecting some action soon in the separation of Mrs. Mills, who was Miss Margaret Rutherford, from her husband. Rumors have it Mrs. Mills will apply to the courts, while other reports say there is a possibility of reconciliation. The couple has been living apart for some time.

31 Compose Graduating Class
Of B. H. S.; Sermon Sunday

Thirty-one compose the graduating class of 1917 of the Bismarck high school, 21 girls and 10 boys. The class is one of the largest and most promising in the history of the school.

The commencement events will begin Sunday with the baccalaureate sermon, at 3:30, at the Auditorium. Rev. George Buzzelle of St. George's Episcopal church will preach the sermon.

Frank L. McVey, president of the North Dakota university will deliver the commencement address, Thursday evening and the class night exercises are scheduled for Tuesday evening. These exercises will be held in the Auditorium, beginning at 8:15. The week's festivities will close

with the annual alumni banquet, Friday evening, at the McKenzie hotel.

Following is the class roster: Alvin T. Alfson, Agnes Adelaide Bork, Rudolph Louis Bork, Walle Dirian, Aldyth M. Peters, Janet E. Fogarty, Margaret Graber, Angelo I. CITY COMMISSION
AGREES TO WIDEN
SEVERAL STREETS

Property-Owners Did Not Believe

25 Feet Sufficient—Standards

Are Fixed

THIRD STREET SEWER TO
BE BUILT THIS SUMMER

Because petitioners representing more than 50 per cent of the frontage on Fifth and Seventh streets advised the city commission last evening that a width of 25 feet would not be sufficient for the thoroughfares abutting their property, the commission in an ordinance passed establishing a standard width for all city streets, increased the width of Fifth and Seventh to 30 feet.

The standard width for other streets was fixed as follows:

Main, Broadway and Thayer and all intersecting streets in business district, 40 feet; Fourth street, 44 feet; Fifth, Sixth and Seventh, 30 feet; Avenues A and B, where boulevarding and curb are already in, 30 feet; all other streets in the paving districts, 25 feet from curb to curb.

Must Have License.

Another step looking toward the curbing of alleged illicit liquor traffic in Bismarck was taken last night with the passage of an ordinance requiring all taxi drivers to be licensed and providing that their licenses may be revoked for violation of any state law or city ordinance. Only licensed taxi men will be permitted to operate cars from this date forth.

Flusher Bids.

Bids for power flushers for the street cleaning department, ranging all the way from \$1,700 to \$7,000, were received and opened, but no conclusion as to the merits of the machines offered could be arrived at, and action was deferred.

To Pay Off Bonds.

The city auditor was instructed to pay from funds now in the treasury \$1,000 in street crossing bonds; \$1,000 in city hall bonds, and \$5,000 worth of bonds covering the municipal auditorium. This step will immediately stop interest charges on these issues, which are not due until some time hence.

Traffic Cop.

Scott McLean is the new traffic cop named last night, with a stipend of \$100 the month and instructions to arrest all and sundry who violate city traffic regulations.

Demolition Remains.

A petition, signed by Thomas Sheahan and others, relating to proper etiquette for bow-wows, was referred to Police Commissioner Bertsch and the city attorney.

were presented by the city engineer showing the total estimated cost to be \$12,002, of which \$744 covers the cost of land needed. An ordinance directing that the road be opened and necessary land purchased was passed, and the city engineer was given instruction to go ahead.

Storm Sewer.

Plans and specifications for a storm sewer starting in the culvert north of the end of Third street, extending down Third to Avenue A, thence west to Second, thence to Rosser, thence to Mandan and then to Broadway, were presented by the city engineer, approved, and an ordinance ordering the construction of this sewer was introduced and read for the first time. The total cost of this improvement which will care for a great volume of water which always has been a serious menace, will be \$12,337, including engineering charges. Bids will be advertised for immediately, as the improvement must be made before the paving goes in.

Handling Moun' Dogs—The state penitentiary now has a real person in charge of its bloodhounds. He is G. C. Abernathy, a six-foot, 200-pound southerner, whose wide-brimmed Stetson, hard-toed, high-heeled Texan boots and slow, southern drawl distinguish him from the crowd anywhere. Abernathy has had several years' experience with Texas convict camps. He handled the hounds in the Lone Star state and "allows" that he knows considerable about dogs and their ways and that the North Dakota penitentiary has a bunch of good ones.

Preparedness—"Old Man" Mulloy, who has spent about half his life behind state prison bars, was picked up by the police yesterday and lodged in the county jail simply as a matter of preparedness. Mulloy, the police claim, does not feel at home outside of the penitentiary. He resorts, they state, to any petty offense which will land him once more in his favorite resort. After serving a sentence from Minot, he was sent up from Fargo for swiping a clothier's dummy, clothing and all, and dragging it about town with him until some obliging cop ran him in. This being circus day, and the police fearing the excitement might prove too much for Mulloy's susceptibilities, he was incarcerated.

In "The Gun Fighter" at the Orpheum Theater Tonight Only.

"The Gun Fighter," with William S. Hart as its star, will be seen at the Orpheum theater tonight only. This is the latest Triangle play featuring the celebrated delineator of western roles. In its production Hart is seen as the head of a gang of outlaws, whose proudest boast is of the number of tenants in his "private graveyard," until he meets a young girl who tells him to his face that he is a cold blooded murderer and not fit to associate with civilized people. A terrible conflict follows in the soul of the bad man, with good finally triumphant, and the outlaw sacrifices his life for the girl who has shown him to himself in his true colors.

Hart's leading woman in "The Gun Fighter" is Margery Wilson, who has been seen in a number of noteworthy roles for Triangle, among them lead-

Pattison Kline to
Speak Here Tonight

Pattison Kline, noted Chicago lecturer, will deliver his lecture, "Playing the Game," this evening in the First Baptist church, under the auspices of the boy scout troop.

Mr. Kline is a son of a former local pastor of the Baptist church and is not unknown in the city. Nine years ago he lectured here to an enthusiastic audience. In bringing Mr. Kline here the boy scouts feel they are presenting a man worth while to Bismarck residents.

He is a man of culture and of late years has won a distinct place on the lecture platform. The lecture will begin at 8:30.

League to Meet.

The Luther league of the Swedish Lutheran church will meet Thursday evening with Mr. and Mrs. Fred Anderson, 424 Eighth street.

To Sew for Red Cross.

Members of St. George's guild of St. George's Episcopal church will meet Thursday afternoon at the Red Cross section headquarters in the new nurses home and spend the afternoon sewing articles for the 14 boxes they will meet at 2 o'clock.

For Fargo Guest.

In honor of her house guest, Miss Devina Gillispie of Fargo, Miss Vesia Buswell entertained a party of friends at an outing to Sibley Island, the first of the week. The party made the trip in a motor boat. The guests included Miss Millie Johnson, the honor guest, F. G. Neumeier and Henry Khud.

Gives Dinner for Bishop.

Rev. George Buzzelle of St. George's Episcopal church was host last evening at a dinner party at the Grand Pacific in honor of Bishop J. Poyntz Tyler. The guests included members of the vestry and their wives, Mr. and Mrs. T. R. Atkinson, Mr. and Mrs. O. N. Dunham, Mr. and Mrs. F. E. Shepard, Mr. and Mrs. F. L. Conklin, Mr. and Mrs. G. F. Dullam, Judge A. A. Bruce and P. C. Remington.

Entertains Old Friends.

Mrs. P. A. Marsh, who holds the distinction of being the oldest woman resident of the capital city, entertained a few of her old friends during the week-end at her home in Main street. Mrs. Marsh will celebrate her 74th birthday anniversary August 28. She has resided here for the last 44 years. The afternoon was spent in reminiscences of the early days, when North Dakota was a territory. The guests included Mrs. J. P. Dunn, daughter, Mrs. E. P. Quain; Mrs. W. O. Ward, Mrs. Henry Suttle, Mrs. Austin Logan, Mrs. M. Eppinger and Mrs. James D. Wakeman.

Mrs. Bek Inspects Chapter.

Mrs. W. G. Bek of Grand Forks, state inspector of the P. E. O. sisterhood, visited the local chapter, P. E. O. last evening during the special meeting held in the home of Mrs. F. R. Smyth on Third street. The capital city chapter, which was organized in 1911, was found to be in splendid condition. An enjoyable social hour followed the business session. Mrs. Bek left today for Mandan to inspect the chapter there this evening before leaving for Beach to attend the annual convention. Miss Aldyth Ward will represent the local chapter at the convention and will leave Wednesday for Beach.

PERSONAL NOTES.

Mrs. William Mangan and children, John and Dorothy, of Washburn, spent the week-end with the former's sister, Miss Josephine Hamel of the Rose apartments.

The Misses Helen Holland and Magdalen Cunningham of this place were guests of Mandan friends Sunday.

Miss Echo Steen of Mandan was the guest over Sunday of Mrs. Roy Robinson of the McKenzie hotel.

Mrs. Thomas Poole and Miss Besie-Homan were guests Monday of friends in Mandan.

WHAT'S SO SWEET AS A BRIDE IN JUNE?

Draped in Shimmering Satin and Velled in Yards of Filmy Tulle the Bride Joyously Faces Her Future.

The bride of a modern June faces her future with head bravely poised and her face unveiled. But she clings to the becoming fullness of the veil, trailing great lengths of shimmering tulle above the soft folds of her satin robe. Sometimes she binds the filmy stuff

like a baby's hood concealing her hair, while she drapes its transparent fullness like a little cape half revealing her fine shoulders.

Or her orange wreath becomes a fillet fastening the gathered softness of her lace like a long court train. Bridal dresses of the newer sort are

narrow as to the skirt and simple as to line and drapery, but they are marvelously enriched with pearl bead embroidery.

Bridal bouquets are huge or medium in size, according as they are intended to cover or reveal the front of the gown.

SUMMER SESSION OF THE PUBLIC SCHOOLS.

For the sole purpose of assisting those pupils who for various causes fail to meet the requirements for the year, and do not make a passing mark in one or more studies, a summer term of six weeks will be operated in the Will school, beginning promptly at 8 o'clock Monday morning, June 11, and continuing thereafter each school day between 8 a. m. and 12:15 p. m. This work will be open only to pupils who are now in grades 4, 5, 6, 7, and 8, and who have failed in one or more studies for the year. Pupils who pass in their work to the next grade will not be admitted, and pupils in these grades will not be permitted to "skip" a year by attempting to make up 36 weeks' work in a brief summer session, or by private work in the summer. The nature of this work, and the fact that it is free, make it necessary that every pupil be prompt and punctual in attendance. New pupils cannot be received after the end of the first week. Parents intending to take advantage of this school will please see that children enter promptly on the opening day. We offer this opportunity to children who need this help so that they may make up the work, if possible, and enter the next grade in the fall. We do not guarantee the

promotion of any child, but will do all in our power to bring it about by hard and careful work. We hope this work will be the means of raising the standard of the school and of reducing the number of failures. Mrs. Casselman will be in charge of this school, with probably one assistant.

City Superintendent.

PUBLIC SCHOOL KINDERGARTEN—SUMMER SESSION.
The public school kindergarten, having taken its long vacation in January, February and March, will continue during the summer without interruption until August 17, at which time the regular two weeks' vacation will be taken, corresponding to the Christmas and Easter vacations taken by teachers in the other grades of the school. The kindergarten will be in charge of Miss Matilda Williams, assisted by Miss Laura Keenan, both graduate kindergartners, the former of the Chicago Kindergarten school and the latter of the kindergarten department of the Mankato State normal. Children may be started June 11, provided they are over four and under six. It is expected to operate this work on the summer on the

lawn of the north ward school, and indoors in the same school when the weather will not permit the use of the lawn. Parents interested please communicate by phone with the city superintendent or the principal, Miss Matilda Williams, whose phone number is 28.

Declares Laying in Coal
Absolute Necessity

Preparedness for defense, for comfort, for food production, for the marketing of crops, was the central thought about which revolved the opening session of the North Dakota national defense council this morning.

That 40,000 cars will be required next fall to carry North Dakota's coal, and that neither cars nor coal

HARVARD HURLER SHOWS WHAT HE WILL DO AS SOLDIER

Billy Meanix, star Harvard hurdler, is here showing how he will put his athletic training to practical use as an officer of Uncle Sam's select service army. He is training in the officers' reserve camp at Plattsburg, N. Y., where he is practicing to "take" barbed wire fences easily in full uniform and carrying a gun.

may be available at that time was a startling statement made by Dean E. J. Babcock of the North Dakota school of mines, a member of the federal national defense council.

Need Coal.
Dean Babcock urged that the necessity of purchasing and storing coal now be impressed upon every citizen of North Dakota. Those who do not make provision now for a fuel supply will certainly suffer next winter, stated the speaker. He emphasized the importance of educating North Dakota people generally in the use of light, and that a committee be named to consider transportation to and from the mines, to point out to the railroads where fuel will be most needed, and to receive from the railroads advice as to where it may be procured. Cities and schools should be communicated with at once, said Babcock, in order that our public buildings may not be left without fuel next winter. The newspapers should be enlisted in a campaign of education. "We must convince the people that if they do not prepare now they will be cold next winter," said the dean.

Ask Counties' Co-Operation.
That the sheriff in each county be authorized to organize and arm units of the home guard was an important suggestion made by Dorr Carroll of Minot this morning. Home guard units are anxious to organize and arm for protection in many sections of the state, said Carroll, but under present laws they have no legal right to do so. The sheriff, as the principal peace officer of the county, has a right to mobilize and arm guards when he regards such step necessary, and Carroll urged that he is the proper officer upon whom to confer this duty. Some men of mature military experience, but beyond the age for active military service should be found in each county, said Carroll, to take the leadership and drill these home guard units. The time may come, stated the Minot man, when these home guards will be needed. The national guard soon will be taken away; protection must then come from another source.

Patriotic Organization.
The committee on patriotism suggested that a patriotic committee be named in each county to consist of the county auditor, sheriff and superintendent of schools as a means of procuring direct co-operation with the state council from the individual counties; further that this county executive committee under take in each county the organization of a committee of 11 members, of which there will be one member representative of each of the eleven general divisions into which the state council is divided.

Financing Council.
F. O. Helstrom, secretary of the committee on finance, reported after a conference with Governor Frazier this morning that a hasty session of

the emergency commission had been called and that all necessary expenses of the council would be forthcoming. It is planned to establish a secretary's office here in Bismarck, and he will be provided with a stenographer and clerical assistance required.

The committee on publicity recommends that all possible information be furnished press correspondents in Bismarck and elsewhere for daily papers, and that special news letters be prepared for the weeklies.

Dr. E. P. Quinn of Bismarck this morning told what the Red Cross chapters of North Dakota are doing, and Carl Rakow, a veteran of the Civil war, spoke of the vacant chairs in many North Dakota homes, and of the fine spirit which he has found prevailing among those who have given loved ones to the colors.

Organization.

The council organized late yesterday afternoon by naming an executive committee consisting of C. E. Waldron, E. J. Babcock, Dorr Carroll, V. R. Stickney, A. W. Bowman, H. M. Wheeler, F. O. Helstrom, C. F. Dupuis and Mrs. Mary Darrow Weible, and by approving the report of the committee on organization, recommending the appointment of the following officers and committees.

Dorr Carroll of Minot this morning was named vice chairman, and William G. Owens of Williston was named assistant secretary.

**BENNIE LEONARD
WRESTS TITLE FROM
FREDDIE WELCH**

New York, May 29.—Once more the lightweight championship of the world is held by an American. Great Britain's master, Freddie Welsh of Wales, lost the title last night to Bennie Leonard of New York, after nearly three years of possession. He was crumpled to the canvas in the ninth round, when the referee intervened in the interest of humanity to save him from further punishment.

TWENTY TO GRADUATE
Dickinson Exercises to Be Held Friday Evening

Dickinson, N. D., May 29.—Twenty students, six less than last year, will graduate from the Dickinson high school Friday evening, when an address by Prof. John Adams Taylor of the state university will feature commencement exercises.

Wm. S. Hart is here and will be seen at the Ophium tonight only.

PRISONERS IN COUNTY JAIL REGISTER EARLY FOR SELECTIVE DRAFT

Five Listed by County Auditor
Flaherty—Many Sign Who
Expect to Be Away

Inmates of the Burleigh county jail, who "expect to be absent from their voting precincts June 5," were among the first men in Bismarck to register for the selective draft. County Auditor T. E. Flaherty attended to this little formality yesterday, when he listed A. Williams, colored; J. B. Hughes, W. R. Bowers, colored; C. C. Otteson and Alfred Borseth.

Citizens who expect to be absent from their voting precincts next Tuesday and who have voluntarily registered at the court house are: Frank Hayes, O. B. Hoskins, C. G. Johnson, Winfield J. Woulff, B. H. Marsh, F. R. Gribbenham, Hartwick S. Anderson, R. B. Williams, Albert Eugene Ward, Alex. McClellan and Harry Langley, the last named of Driscoll.

Hartwick S. Anderson, 30, born in Grand Forks, was the first to register locally, and R. B. Williams, aged 23, born in La Mars, Ia., was the second. "No, I claim no exemptions—if Uncle Sam can use me he can have me," replied Harry Langley of Driscoll in response to the usual question. Langley saw six months' service in the regulars and had several years' experience in the national guard. He left last night for his former home in Minnesota, to visit his father before the call comes. The call for cards to be mailed by non-residents to their home county or city continued brisk. Probably 25 cards were mailed out yesterday. No record is being kept of these registrations, as they cannot be claimed by Bismarck or Burleigh county.

THURSDAY LAST DATE FOR NOMINATIONS FOR CITY SCHOOL BOARD

Two Members to Be Elected Next
Tuesday—Jones' Resignation
Anticipated

Cecil L. Burton, born in North Dakota, almost life-long resident of Bismarck, graduate of capital city high and Oberlin college, today at the solicitation of friends filed his nomination as a candidate for member of the board of education.

Thursday will be the last date upon which nominations for members of the Bismarck board of education may

INSTITUTIONS SUFFER FROM PROPAGANDA OF LEAGUE AGAINST BOARD

Best Instructors Leaving for Institutions Not Embroiled
in Cheap Politics

Because of the repeated efforts of Governor Frazier to oust the present board of regents, North Dakota's higher institutions of learning are losing many of their best instructors. "I am satisfied with the institution and have no complaint to make of my salary," writes an educator connected with one of the leading state normals, "but I cannot do good work under the present state of continual agitation."

Secretary Brewer of the state board within the last few days has been asked to accept the resignation of a half-dozen instructors, who advise they are leaving the state because of the litigation involving their institutions.

The supreme court denied Governor Frazier's first petition for writ of ouster, applied for on technical grounds involving the date of the appointment of the board members. The attorney general has recently indicated his intention of asking a rehearing.

be filed with Secretary Penwarden. To date there have been but three nominations—Joseph Schneider, E. H. Howell and Marcus A. Edberg. W. C. Cashman has been mentioned as a candidate, but his name has not been filed.

While but two members are to be named at the annual school election June 5, the members then elected no doubt will soon have the privilege of naming a third member, as it is anticipated that the resignation of A. A. Jones, recently commissioned captain of the quartermaster reserve corps, will soon come in. This will mean that a majority of the members of the board will be new men. A successor to Mr. Jones might have been elected next Tuesday had his resignation been filed with Secretary Penwarden at the time he was called into service. As it is sufficient time

does not now remain for the advertising of a special election to be held on the same date as the regular, even were Jones' resignation in.

LOAN OVERSUBSCRIBED

THE LATEST STYLE CHALMERS JUST RECEIVED; Every Inch a Quality Car

This Chalmers of today is a car any man—millionaire or miner—proudly may own. For it not only acts quality, but looks quality.

\$500 more buys no more quality than you can get in this Chalmers. Possibly more car—yes, but more quality—no.

And why should anyone want a heavier car? These are days to be sensible in purchasing. Remember a heavier car costs more to run.

It is well to bear in mind that \$500 less places you in the dangerous position of buying a skimped or "starved" automobile. To pay \$500 less is to postpone the day when you will own a quality car.

Just let us punctuate a few remarks about the Chalmers. Take the wheelbase—117 inches. Plenty of size there. Then the 5-inch frame. No weaving of body or frame now in crossing car tracks or turning a corner. Instead, severe rigidity—so severe that squeaks, rattles or chassis noises are not audible.

Underneath the rear seat a heavy, formidable rear axle. Overhead a Pantastote top that comes close to finality—and with four bows; not three.

A tilted windshield with plate glass. A front seat that is only 13½ inches from the floor. A rear seat that is only 14 inches. Tell that to the women of your home.

Better brakes—2 inches larger, if you please. And when you push down with your right foot you get results.

A larger steering wheel, dustproof bearings in the front wheels, all wiring encased in flexible armored tubing so that a short circuit in your ignition, or lighting, or starting is well-nigh impossible.

And each lamp now controlled by an individual fuse.

Then, too, the automatic lubrication of the engine controlled by the carburetor throttle so that the engine is getting oil directly in proportion to its load.

Any car that can do a mile in 38.1 seconds or at the rate of 94½ miles per hour as the Chalmers did on the beach at Jacksonville, Florida, which set a new time for cars of the 230 cubic inch class answers the question of speed even for the worst "fan" on the subject.

This time was made on May 4, 1917, by a Chalmers. It was of course stripped for racing purposes.

As for flexibility one need look no further. A car that traveled the highest traffic mileage ever reported in twenty-four hours through the heart of Chicago on high, or a car that webbed its way through Detroit's busy traffic at the rare low speed of 2.9 miles per hour for twenty-four hours without stopping the engine but once is a real performer.

This is just what this Chalmers did. Come down to our show rooms and view the beauty they have drawn into this car. And then get behind the wheel for a little spin. You'll want your initials on the door inside of a mile.

All Chalmers cars are six-cylinder cars
